

**The Country Club at
Wakefield Plantation
Raleigh, NC**

April 21 & 22, 2024

The second annual **Swing for Aven Memorial Tournament** is being held in honor of Aven Moffat. Aven passed away August 13, 2021 at the young age of six. He lost his life to Primary Amoebic Meningoencephalitis (PAM) caused by the amoeba *Naegleria fowleri*. In his memory, Amazing Aven's Quest for Amoeba Awareness was established.

In 2023, the first annual Swing for Aven Memorial Tournament raised more than \$170,000.

All proceeds raised from this tournament will further support the foundation's mission to improve and advance early detection strategies and medical treatments for *Naegleria fowleri* and PAM. We strive to increase awareness within the medical and the public communities.

**PAM is 99% fatal,
yet 100% preventable.**
