ABOUT THE WESTERN COMMUNITIES FOUNDATION

The Western Communities Foundation (WCF) has been championing causes that matter most to Canadians for over two decades. We place a high importance on giving back and we take great pride in supporting the communities where our customers and

employees live, work, and play. Since 2001, we've granted over \$9 million to support local communities. Driven by our purpose – we support causes that matter most to our customers, people and communities – we strive to make a lasting impact every day.

OUR VISION

To be there in moments that matter most.

OUR GUIDING PRINCIPLES

Truthfulness. It is the foundation of our business. We believe that frank, accurate, and honest communication is always in everyone's best interest.

Fairness. We advocate for our customers and the trusted representatives of our suppliers. Our credibility rests on our determination to see that everyone gets what they deserve.

Value. We generate meaningful, positive results for all customers, stakeholders and our people. We will strive to be the best we can be.

Loyalty. We place our faith in long-term relationships, through thick and thin. We support our communities.

OUR PURPOSE REFRESHED

As a **caring first** national insurance services company focused on enhancing lives by providing security and ease through thoughtful insurance solutions, Western Financial Group has been providing the right protection for more than one million Canadians for over 100 years.

To better reflect our commitment to communities, Western has refreshed the focus of its Foundation’s giving to **creating safe spaces to support Canadians in moments that matter most.**

The Western Communities Foundation is committed to creating greater impact through the following:

Safe places

We invest in programs that help create a more resilient Canada and help people **mitigate risk and be safe in the places where they live, work and play.** We support creating greener, vibrant and more resilient communities that can better withstand the impacts of changing climate.

Safe in an emergency

We invest in **emergency response, relief and recovery efforts** that provide immediate aid to disaster-affected and displaced communities, ensuring people **feel safe in the moment,** and have access to resources.

Safe from fear

We invest in **mental health** initiatives that promote psychological well-being and healing. Our focus is on **post-disaster services** and **crisis interventions,** helping those affected cope with stress, eco-anxiety, trauma, and loss.

ANNUAL NATIONAL WALK

Celebrating 20 years walking for local communities.

Since 2005, the WCF has hosted the Annual National Walk to Support the Cause every May to uplift local communities. In 2025, we will celebrate the Walk's 20th anniversary with an exciting new theme: the National Walk for Safe Places.

Join us for the nationwide Walk Festival this May, an exciting event that brings communities together to celebrate and empower one another! This festival will take place in over 150 locations where Western operates and will feature

community walks designed to strengthen connections, promote resilience, encourage environmental sustainability, and support diversity and inclusivity for the long-term well-being of individuals and communities. Enjoy a day filled with fun and engagement while walking for safe, vibrant and resilient neighborhoods where everyone can thrive.

Email us to find out if our Walk is in your city and get your teams involved and walk with Western this spring.
