

WHO AM I HELPING?

MISSION: KidsTLC transforms the lives of children and families experiencing mental and behavioral health challenges, developmental trauma, and autism.

Today's children are unique in the challenges they face and how they address adversity. KidsTLC provides an unparalleled continuum of care to bring hope and healing to young lives and their families through innovative and proven therapies in residential and outpatient programs including:

RESIDENTIAL | Psychiatric Care

The Psychiatric Residential Treatment Facility (PRTF), with approximately 80 beds, serves children ages 6–18 with complex mental health issues. Many of these children were victims of intense traumatic experiences such as abuse, neglect, and/or unstable living conditions and are diagnosed with one or more mental illnesses.

OUTPATIENT | Lotus Clinics

The Lotus Clinics at KidsTLC offer specialized outpatient therapies for children and their families to alleviate mental and behavioral challenges, such as anxiety, anger, depression, self-acceptance, LGBTQ+/gender affirming, and self-harming or suicidal thoughts. In addition, our Intensive Outpatient Program (IOP) provides evening sessions, four nights a week, for children who require more than traditional outpatient therapy provides.

AUTISM | Trellis Center

The Trellis Center provides applied behavior analysis (ABA) therapy, speech and language, and occupational therapy services to children starting at 19 months of age. All services may be accessed independently or in a comprehensive model to fit the individual needs of each child.

PARENT SUPPORT | Thriving Families

The Thriving Families Program and CARES/Que Onda Familias parent support groups offer resources, caregiver training and health care navigation to families both in the community, and who have children in one of KidsTLC's programs. These resources are offered in both English and Spanish.

HOW CAN I HELP?

Donate.

GIFT OF CASH - Give via credit card at kidstlc.org/donate or mail checks to:
KidsTLC, Attn: Donations, P.O. Box 412176, Kansas City, MO 64141
